Home of the "Redskins"

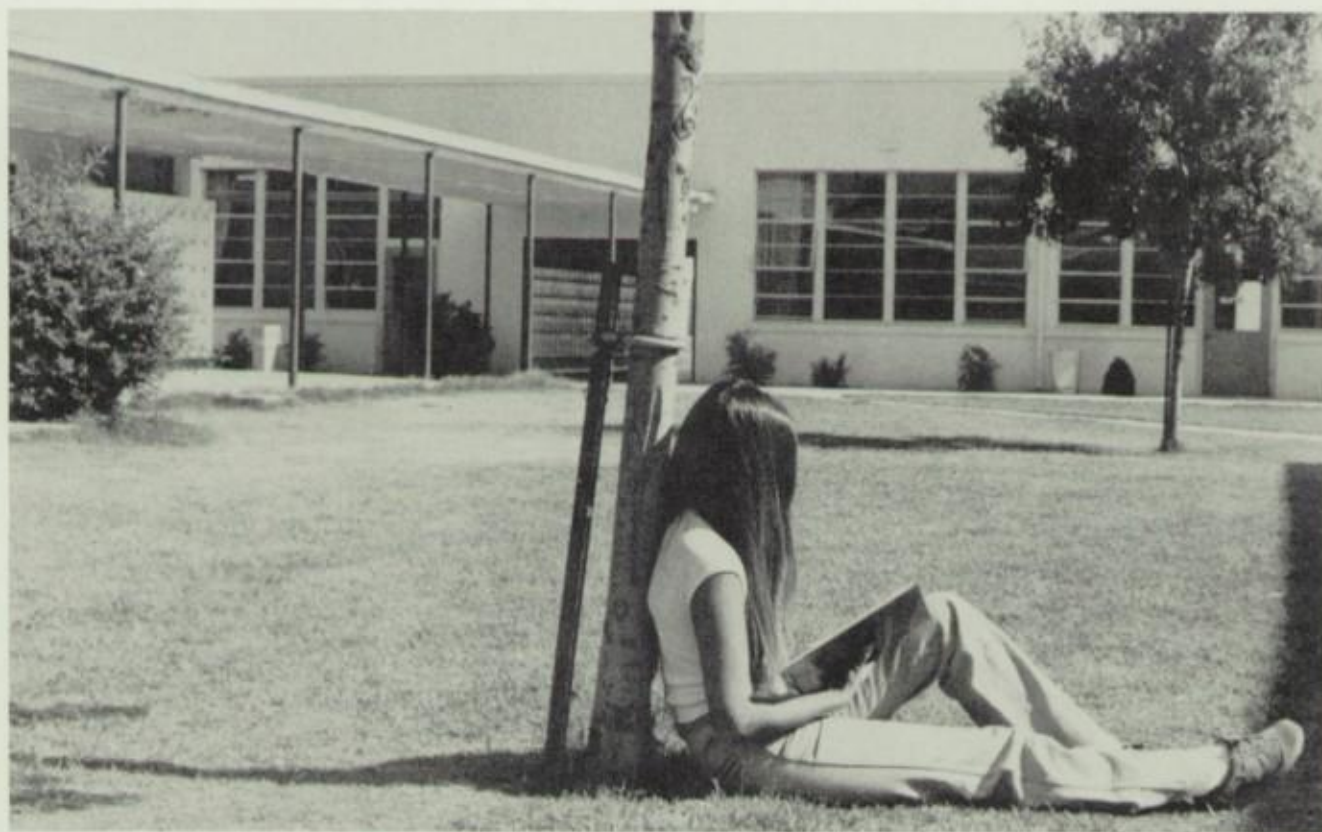

Years ago, before civilization as we know it came to this area, a tribe of Yokut Indians ruled this land. They were known as the Chauchilas. From this local history we derive our school logo, the Chowchilla "Redskins" . . .

Mr. Daughenbaugh Dedicated to the Improvement of Education

Mr. Daughenbaugh and his secretary

The Daughenbaugh Family

A lot of years and a lot of work

The 1979 La Entrada is dedicated to Mr. Daughenbaugh. John R. Daughenbaugh began his teaching career in the Lynwood Jr. High, Lynwood, California in 1942 as a social science teacher. By 1951 he had earned his administrative credentials and became principal of the Portola Junior-Senior High School, Portola, California. In 1961 he resigned that position to become Dist Supt. of the Tulelake Joint Union High School District. Mr. Daughenbaugh left his position in 1963 and spent two years at the University of Southern California in Los Angeles pursuing graduate studies. In 1965 he accepted the position of District Superintendent of the Chowchilla Union High School District. He served in that capacity until health reasons forced him to resign in 1971. Since that time Mr. Daughenbaugh has served as a teacher at White Rock High and Chowchilla High. He served as the local Faculty Association/CTA/NEA President and Head Negotiator one year, which gives him the unusual distinction of having represented both the district and the teachers during his tenure at CUHS. Mr. Daughenbaugh is retiring at the end of this year after 36 years of dedicated service to education. We extend to him our appreciation for his efforts at Chowchilla High. We wish him the best in his retirement. Thank you, Mr. Daughenbaugh, and best wishes.

Seniors Make Their

Own Kind Of Music

The Chauchilas believed that animals held powers not given to man. Their legend has it that long ago, before man came to Earth and only the animals roamed, the Coyote gave life to the Indian. The quail was known as the symbol of fair play. The ant, for putting up fight in spite of its size. They believed that these animals could pass their qualities on to the Indian. Today, Seniors have found that desirable qualities in life such as fair play and persistence must be found on your own and not gotten from some outside source . . .

Bomb Scare

Every school has problems. At Chowchilla, these include both minor and major ones, ranging from throwing of food in the cafeteria to marijuana and alcohol.

This year, we have had several bomb threats, and although there never really was a bomb discovered, each call must be treated as though it were for real, and the frequent disruption of classes, if not a direct hindrance of the educational process, was at best a nuisance.

The student parking problem has been discussed and debated for some time. The local residents do not want students parking in their spots, littering their lawns, and blocking their driveways, which is understandable. On the other hand, the students are finding that they are crowded into the small parking lot adjacent to the gym because the only other available places are either already taken or not acceptable to most students. This is in reference to the strip on Humboldt, where some faculty members (who have their own parking lot) and early arriving students park and the lot on 10th and Humboldt, where the

a simulation

A simulation

entrance is often full of glass and mud, and the lot is not supervised well enough to keep burglars from breaking into students' cars. If this parking lot could be renovated, several students have said that they would "gladly park there."

Although its presence is vague, the fact remains that marijuana does exist on our campus. This is not to say that all students smoke or deal in "pot". Actually, there is a very small percentage who do. Of this small percentage, most eventually end up getting caught.

Like marijuana, alcohol is used only by a few of our students, but usually rears its head only at dances, and sometimes, unfortunately, at poster parties. The drinking itself usually does not occur at the function, but before. These students simply do not like to attend a dance without a "buzz." This is unfortunate, because the people who plan the dances do their best to make them interesting enough without having to drink first.

The guard found nightly on campus is here to protect our parents' investment in our future. He tries to prevent theft or vandalism during the night. It is said that the past occurrences have forced our district to hire someone to do this job, and we realize that it is necessary.

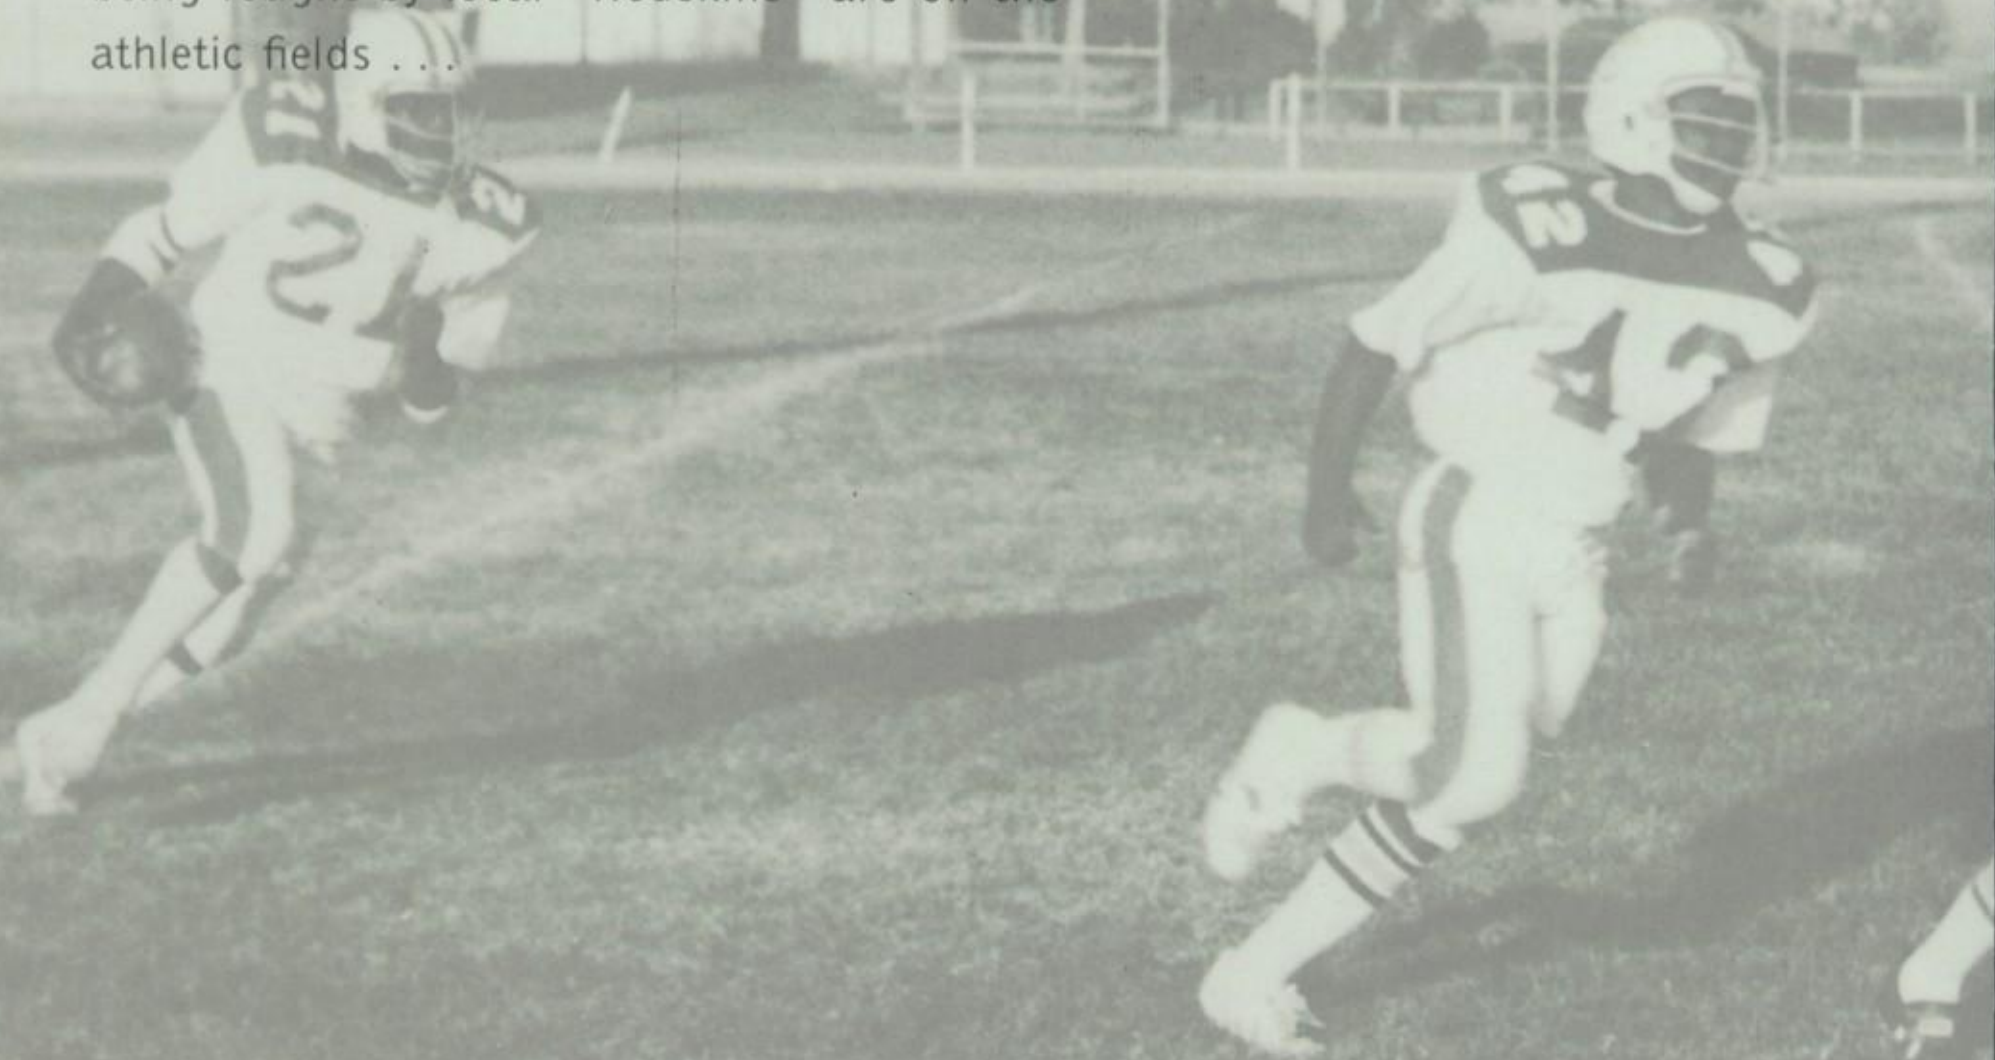

The purpose of this article is not to condemn, but to inform. We feel that by mentioning our problems in 1979 with an open mind, we can perhaps contribute to solving them. It is gratifying to note, though, that the positive things at C.U.H.S. far outweigh the negative. That's why 2 pages mention problems and 198 cover the positive things.

We Have A Great School, But . . .

"Chauchila" means murderer. The neighboring tribe of Yokuts in the Madera area gave the name "Chauchila" to the Indians of the Chowchilla area. They were nicknamed this because of their warlike behavior and lust for battle. Today, the only battles being fought by local "Redskins" are on the athletic fields . . .

The Games Were Tight, But We Put Up The

Head Coach Dennis Fitzpatrick, Ron Scott and the varsity gridders compiled a 6-5 winning record which was highlighted by the first victory over Dos Palos in ten years and a second consecutive appearance in the Valley Playoffs. Central defeated the 'skins in the first round, eliminating them from further playoff, but not from a winning season.

The Redskins earned an excellent league record of 4-1 and a second place finish. The only league loss was to Sierra in a 12-0 thriller. The varsity blasted Riverdale and Tranquillity, won a defensive struggle over Kerman, and Beat Dos Palos with an incredible come-from-behind effort. Preseason action included wins over Firebaugh and Orosi, with losses to three teams who were eventually to earn playoff spots: Coalinga, Madera, and Washington Union.

David is shocked by Fred's ability to both run the ball and block.

The win over DP will not soon be forgotten. Trailing 14-12 with less than five minutes to play, superstar Freddie Williams tackled the QB in the end zone to tie the game at 14-14. Later, with DP on the move and apparently running out the clock, Williams again blasted through the line, hit the QB and forced a fumble which he also recovered. Sensing victory, the Redskins executed flawlessly toward the DP goal line. Then, Williams blasted over for the touchdown and a thrilling, long-awaited victory over Dos Palos.

By winning the last League game of the season, the Chowchilla Redskins will finish in a tie for third in League. The NSL this year voted to have a "Shaunesy Playoff". This year's team has been characterized by its tenacious defense. Teams opposing the Redskins have averaged but 47 points per game. Unfortunately, the Redskin offense has not matched its defense. In league play, the Redskins have averaged 48.3 points per game. Many of the games have been close and exciting this year. Leading the team in scoring has been David Mix with a 13.8 average followed by Jeff Kosinski with a 10.7 average. Top rebounder for the season has been Tim Pistoiresi with 118 rebounds followed by Mike Cargill with 97. Leading the team as the playmaker this year is Jeff Kosinski. Fred Williams and David Mix have led the team in defense. Craig Hiemstra has helped the team in the rebound department and in hustle as the team's no. 6 man this year.

Improvement . . .

Holmes goes up for the tip, a second too late . . .

. . . was the key word for the 1979 J.V. basketball season. Throughout the season, the team improved steadily, to finish the season with a third place tie with Kerman in league, and winning the last three games of the season, over Tranquility, Kerman and Sierra.

The season began for the J.V.'s with a very bad 0-7 record, but with their study improvement, they were able to pull off a respectable 5-5 league record. The final tally showed the Redskins with a 5-10 season record. With their improvement, these players will provide a strong nucleus for teams, both varsity and J.V. in future years.

The 1978-79 Basketball Season . . .

. . . had its ups and downs. A lot of time was spent developing and polishing game skills this year as this young team with only two upperclassmen strove to improve their team play. In their second year of play, the girls broke five school records including most points scored, bringing the previous high of 42 points up to 59 points.

The final league record of 2-8 did not tell the true story of the team's ability. During the season, the team improved their shooting percentage from the floor by 15% and improved free throw percentages by 20%. The Redskins also played an aggressive full court press and were effective in forcing many turnovers during game play. Even after many disappointing losses, this team never gave up but kept hustling and giving their . . .

'skin wrestlers whip Laton 46-17,

The Chowchilla wrestling team had a good wrestling week, as they split two tough matches.

The 'Skins entertained Laton High School, a team that beat them a year ago, and whipped them 46-17. Sophomores Jimmy Altom and John Batchkoff were awarded forfeit victories to put Chowchilla ahead 12-0.

However Mike Tuffs was pinned in the third round to put Laton within 6 points at 12-6. Senior Terry Harris, who is having an outstanding season, beat Laton's best wrestler 5-2 to start a streak of 5 straight victories by 'Skin wrestlers. Harris' victory gave him a 9-3 record in a very talent rich weight class.

Sophomores Stan Goodrich and John Coate got their initial varsity victories. Goodrich pinned 1 is opponent in the third period of a physical match. Coate looked strong in his near pin victory.

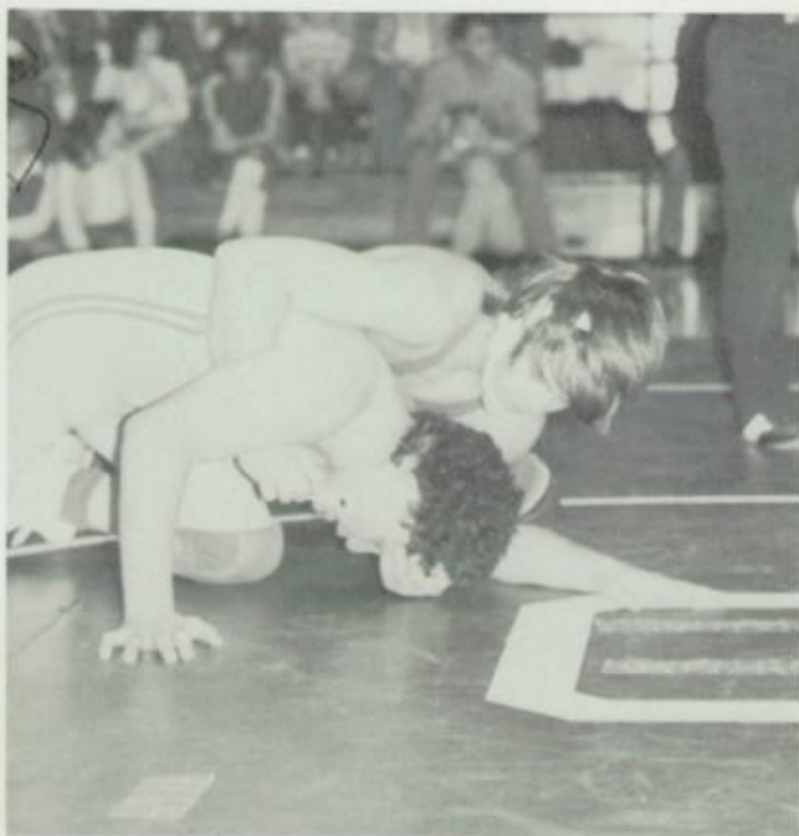

Steve Benard and

Randy Whatley continued to impress with two straight pins to put the score out of reach for Laton 36-3. Whatley is also only a sophomore.

The Redskins won only two of the remaining five matches as Lloyd Johnson decisioned his opponent and Doug Putman received forfeit victory.

Wrestlers' Future Bright -

1979 was a successful season for the Chowchilla wrestling team. Despite not winning a dual meet in league competition, the Redskins proved themselves in tournament action. Chowchilla finished second in the Kerman Invitational tournament. They finished one point behind Firebaugh. Jimmy Altom and Terry Harris won gold medals to lead the skins through the tournament. Senior Mike Tuffs, Junior Steve Benard and Sophomore Randy Whatley finished second in their weight class. Later the Freshmen and Sophomores catered the Central High Frosh-Soph tournament and were extremely successful. In a field of 21 teams, the skins took fourth, which makes the future look quite promising for the wrestlers. Especially since Jimmy Altom and Alvin Gregorio finished second in the tournament. Having outstanding seasons entering the league tournament were Terry Harris, Steve Benard, Jimmy Altom, and Lloyd Johnson. Junior Varsity 129 pounder Greg Smith was outstanding all Season. Harris, the most valuable wrestler, had a 13-4 record with six pins. Harris, capping off a brilliant four-year career, had a good chance of going to the valley tournament.

J.V. wrestlers get a taste of victory.

The 1979 Junior-Varsity wrestling team had a 5-5 season highlighted by victories over Tranquility and Kerman in league. The future is bright for this class of wrestlers as John Coate, Stan Goodrich, Alvin Gregorio, Jimmy Altom, John Batchkoff, and Greg Smith all had some varsity experience as Sophomores. Smith, only a freshman, was 10-4 at the 129 lb. weight. Coate took a second at the 135 lb. weight class. The Junior Varsity took second in the N.S.L. on basis of their league won-lost record.

Doug awaits the suspense-filled moment of clasping the ball tight in his mitt.

Coach Scott lays down the ground rules before the game.

1979 looks to be an exciting season for the varsity baseball team. The Redskin are a team of good potential.

Seniors Tim Pistoressi and Doug Putman will be carrying the pitching load as well as swinging big bats. Hopefully their experience will carry over to the large group of underclassmen.

Mike Pistoressi is back at shortstop where he played so brilliantly as a sophomore. His infield leadership is important as sophomores Russell Harris and Roger Schuh will be playing on both sides of him.

Steve Benard will be doing the catching although he is being pressed by Jeeter Carr. The outfield will consist of Juniors Reggie Brauer, Evan Brown, David Mix, and

Well Fred, "baton" practice starts everyday at 2:30 sharp.

The girls' track team is led by Yulanda Arnold and Yvette Williams. Both of these girls will provide strong leadership and are expected to reach the Valley Finals this year.

As defending league champs in both boys and girls divisions, CUHS does not have the depth but it now has the tradition to repeat as NSL champs in '79.

Run for your life Yulanda, I think Ceres means business.

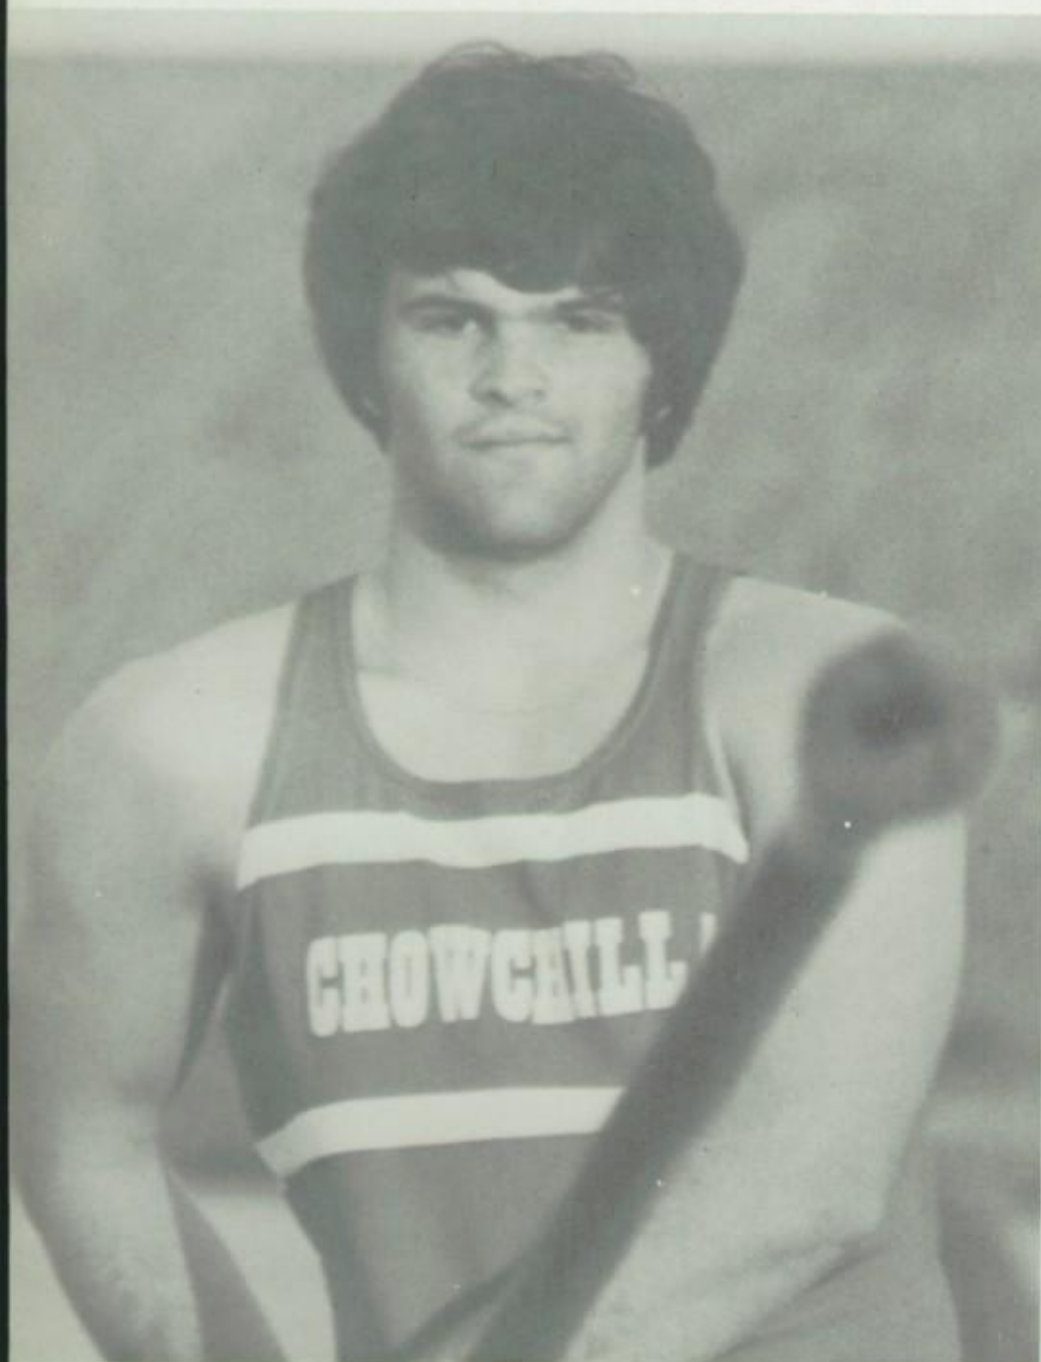

Senior Olympic stars.

Victor Reyes, one of Chowchilla High's newest attractions.

Coach Dennis Fitzpatrick had a part in the history of Chowchilla Track last year by leading the spikers to their first league championship. The '78 team began by winning the first ever Firebaugh Invitational Championship from 15 other schools; then after the annual lesson from powerhouse Madera (67-59) the team swept through their dual meet opponents and won the NSL League Championship. Other accomplishments of this squad were defeating 14 schools and winning the 9th Annual Chowchilla Relays for the first time; conquering the relay title in their division at the West Coast Relays, and placing six people in the Track Sectional at Fresno State. Who were the components of the incredible machine? Who were the greats in '78?

On May 12, CUHS captured the league championship with eleven members on their squad. Of these, the following scored points: Duane Allen (1st relay, 3rd 220), Raymond Arnold (1st Relay, 3rd in 100, and tied 2nd in HJ), Jerry Dennard (1st in discus, 2nd in shot, tied 2nd in HJ, and 3rd in mile relay), Fred Gaines (1st in 100, the 220, 120 highs and 440 Relay), Roosevelt Hedrington (4th in highs, 3rd in lows, 3rd in relay), Leslie Hedrington (5th in 2 mile and 1 mile), Steve

Steve are you sure pole vaulting is worth the "Payne"?

Oh my! I forgot to time Cindy in the two mile. (Coach Becky Simmons)

My new spikes are going to get dirty. (Yvette Williams)

Anderson (3rd in highs, 4th in HJ), Terry Ross (4th in mile and 6th in 2 mile) and Fred Williams (1st in relay and 330 lows, 3rd in LJ and Triple Jump). Of these, Arnold, Allen, Dennard, Gaines and Williams qualified for area and Williams went to Valley, missing the state meet by an eyelash. School records were set by the 440 relay, Arnold in the HJ and Williams in the lows.

This coming season does not look as promising with only four returning lettermen: Steve Anderson, Doug Griffin,

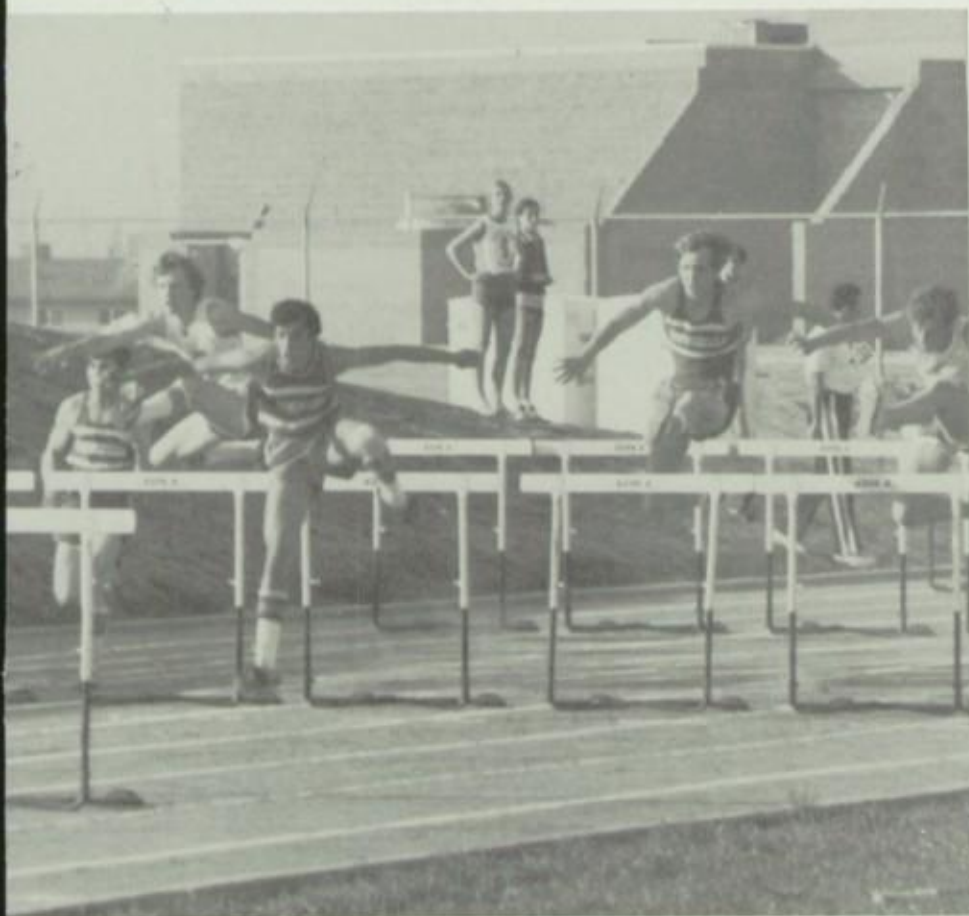

Farrah, eat your heart out. (Julie Carroll)

Hit the road "Pumpkin" here comes Midnight. (Claude Dwitt/Eric Gaines)

Wait Harris, Marie didn't really say that. (Terry Harris/Fred Williams)

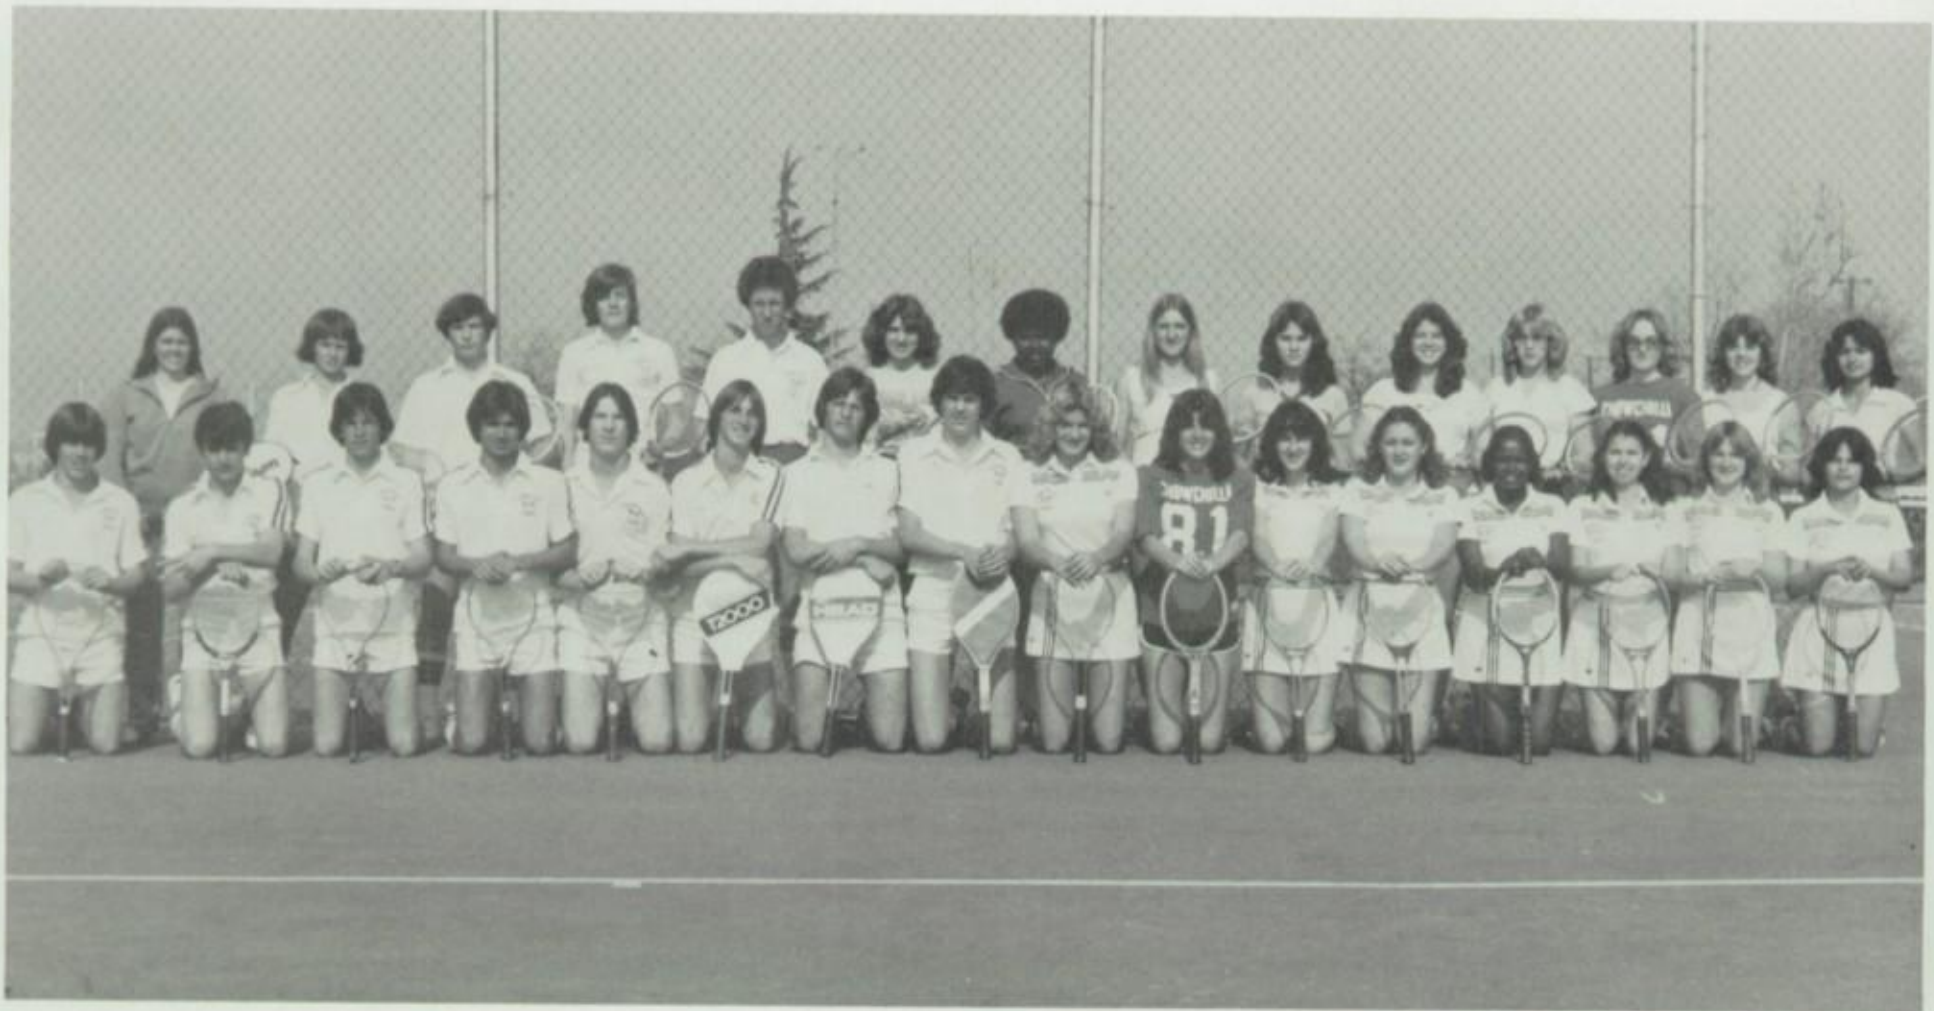

Steve Anderson, stepping over the highs.

Leslie Wynne, and Fred Williams Transfers Victor Reyes (distance) and Steve Payne (pole vault) and Randy Brinlee (field) should help. Ex-swimmers Roger Rabon and David Wheeler should add depth to the distance crew. The sophomore team led by Garritt Bakker, Duane Dill, Claude Dewitt, and Stan Goodrich looks very promising for the future.

The Hulk thinks he is strong but wait til I let go of this shot. (Antoinette Greenwood)

Recreation of the Yokuts included the telling of Indian legends and stories, both for the enjoyment of the older Indians and the younger generation who learned lessons from the telling. During these times of relaxation and during ceremonies, the Indians smoked a type of tobacco from the leaf of a native California plant that was placed in a stone or wooden pipe and burned. Today, recreation includes various school clubs and functions and as for the smoking of a native California plant, we are afraid that a few of our students with poorer judgment still resort to a "peace pipe" . . .

Student Council is the governmental body for the students of Chowchilla High. The Council meets once a month, at which time student officers and representatives can discuss problems and plan school activities. The council is under the direction of the Executive Cabinet which consists of the A.S.B. officers and meets almost daily in Leadership class. The Student Body officers and commissioners are responsible for planning school dances, rallies, assemblies, noon activities, and Council meetings and for coordinating all class and club activities. We have been fortunate this year to have had such dedicated officers, and they should all be congratulated and thanked for doing a good job of "moving" our school toward perfection.

The 1978-79 Redskin Band had another successful season. In major band reviews they performed well. They had a 1st at Modesto, 1st at Santa Cruz, 1st at Merced, and participated at Long Beach. At the Madera parade, the band won 2nd.

The Spaghetti Dinner was another success, thanks to those who purchased tickets and the band parents. When proposition 13 seemingly ended the Long Beach trip, the band parents came to the rescue and financed the entire trip. In addition to the dinner they also held garage sales. Plans for the Fairfield Review, scheduled after the final yearbook deadline, are pending.

Mary Leung won 2nd at State in Miss FBLA.

Jackie Machado and Tori Collard placed 3rd in the State in the Poster Drawing Event.

Twenty-three members showed up for a night meeting despite the rain!

Cheers! It's awards time.

FBLA is an active club for students with an interest in business. This year members attended the workshop in Hanford, the President's Conference in Fresno, and the Section Conference at Fresno City College. Mary Leung qualified for State by winning first in Miss FBLA and Job Interview. Becky Plowman was the fastest typist in Central Section, winning the Speed Typing Event. The Parliamentary Procedure Team won 2nd in the section, and Tina Martinez and Polly Allen won fifth in the poster event. This page shows club members and officers from this year, and State

Officers; Polly Villarreal, President; Becky Plowman, Reporter; Lori Mitchell, Historian; Mike Allen, Assistant Parliamentarian; Diane Thissen, Vice President; Kelly Gwartney, Secretary; Cindy Schram, Treasurer; Not pictured, Lisa Mitchell, Parliamentarian.

Conference events from last year (State is after the final deadline and must be printed a year later). State this year will be at the Hilton in Fresno, and pictures from this year's Section and State Conferences will be in next year's book. Students earn their way to these events by entering into a profit-sharing agreement with the club (they receive approximately 80% of any profits they earn from candy sales, community calendar sales, etc.). Mr. Smith and Mr. Pazzi have 17 years combined service to FBLA and requested that their pictures be omitted to make room for one more picture of students.

Oh, you boys are SUCH bores.

The Chauchila children were taught by their parents and grandparents to do the tasks that they would use for their daily living when they grew older. These tasks included making arrow and spear points and hunting and fishing for the boys. They also learned to make traps, set out decoys and track game. The girls did all the day-to-day type work, such as cooking, sewing and basket weaving. Today, our youth learn the things they will need to know when they grow older from the public/private schools system, and no longer are limited to male/female roles in the choice of occupations . . .

Was It REALLY 20 Years Ago?

SAN FRANCISCO (AP) — Murder and mass suicide in Guyana, final acts in a religious sect's weird fantasy of salvation, added the latest bizarre chapter to California's history of cult-inspired horror.

The Rev. Jim Jones, who commanded his followers' destruction and died himself in the carnage, took his cult to the South American nation from California and thus takes his place on a long list of demonic "prophets" symbolized by mass murderer Charles Manson.

The 1978-79 school year got off to a big start with the Redskins "scalping" the Dos Palos Broncos in football for the first time in over ten years. Christmas vacation was shortened for unprintable reasons, and facial hair was a big issue fought between students, administration, and the school board. It was obvious by the many clean-shaven All-American Boys attending C.U.H.S. who prevailed. On the other hand, however, there were those students who blatantly ignored the no-facial hair rules by growing mustaches and even beards. (These students were reprimanded for this insubordination.) Meanwhile, the dress code revisions were tossed back and forth from the student council to the school board and back to the student council. Proposition 13 resulted in cutbacks in field trips, athletic teams, and band reviews. Several District-funded clubs and organizations were forced to stand on their own feet or close down completely.

Noon-time activities included Frisbee throwing, football throwing and cafeteria food throwing (to the dismay of the cafeteria staff and janitors). The library became notorious as not a place of study but a social gathering place. This was to the utter disgust of both librarians trying vainly to retain silence and teachers trying vainly to retain sanity.

Isn't it amazing how such a popular hangout can become suddenly desolate when classes resume and students are sent "to the library" to "study"?

As always, Friday and Saturday nights found most of our area students either cruising 17th street in Merced or parked for various reasons at one of the many "fun sports" such as Applegate Park, Dodge City, Minturn, etc. Among the fads to gain popularity were the "Disco Craze," straight leg jeans, frizzy hair and the Y.M.C.A. On the other side of the coin, Farrah, long hair on guys and girls, and term papers slid drastically in the popularity race. As the '70's draw to a close, who knows what will be popular in the 80's and even 90's? Could we be LIVING Battlestar Gallactica? Even Mork from Ork would be impressed. (Shazbaht)

No, it wasn't really 20 years ago, but someday it will be, and you will have this eulogy of the 1978-79 school year to remind you.

If we were all as high as the gas prices ...

Communication of the Chauchilas included the use of certain sign-language that made the Chauchila's understood by the Indians they visited in far away places and on trading journeys, but no historical record exists as to what signs were used. They also portrayed ideas they wanted to get across in the patterns woven into their baskets. Today, our teachers communicate with us through lectures, worksheets, and unfortunately, TESTS . . .

Mr. Thompson and colleague, Dick Welk, had the yearbook dedicated to them in 1968.

Mr. Thompson was married on May 7, 1945. He earned his Bachelor's Degree from the State University at Minot, N. D. in June, 1949. He continued his education by earning a Master's Degree at the University of North Dakota in Grand Forks on August 4, 1962. Mr. Thompson enjoyed sports. He played football in high school, and basketball in high school, the military and college. He played semi-pro baseball. He refereed basketball and football in North Dakota and Newman, California. In 1962 Mr. Thompson and his family moved to Chowchilla where he was a teacher and later a counselor. In 1973 he coached the high school swim team. He and his daughter, Joan, coached the Redfin swim team that summer. Mr. Thompson was named Outstanding Educator by the Academy of American Educators in 1973-74.

Tommy and his wife, Edith.

BBQ-ing, his favorite pastime.

To have known and worked with Everett "Tommy" Thompson has been a privilege and a pleasure. To have watched him as he worked with the young people of our community as a teacher and a counselor has truly been an inspiration to us all. His devotion to their needs and his unhesitating willingness to respond whenever called upon to do, will long serve as an example to those who may follow in his footsteps. Tommy will long be missed and remembered with love and esteem by those who knew him as a teacher, a counselor, a friend, but his long and successful career can do naught but inspire the rest of us to emulate him in our own careers.

A "friend" to his students—a "professional" to his colleagues—a "good man" to his friends. It was my pleasure to have shared some time with him.

When the Chowchilla Indians found that they needed something they were unable to find in this area, they would pack some things to trade and travel, on foot, across the Central Valley into the Sierra Nevada Mountains. Here they would meet with another tribe of Indians and exchange things they had for things they needed. This was a long and difficult journey that took several days to complete. Today, it takes only a few minutes to do your "trading" with one of the following local merchants . . .

Meet Your Editor

Liz Hamilton is another in a string of fine editors at Chowchilla Union High School. She was born in Chowchilla and has lived in this general area all of her life. Liz is a senior and will graduate this June. It was Liz's idea to use the theme of "Indians." She was instrumental in the selection of the color photography and production of the senior section. Liz suggested the scene for the cover and is very fitting for our theme. She is a strong-willed individual and spent many hours, even at night, trying to make this a quality production. From the proofs we have seen to date, the 1979 La Entrada looks to be a very enjoyable yearbook.

Addendum

At right: Cindy Bakker and Jim Capehart, Senior Hall of Fame Best Couple. We had so many Hall of Fame that we ran out of room. We knew Cindy & Jim would like it better back where they could be alone. Below: (Left) Terry Harris and Victor Reyes. These gentlemen were late with their pictures, but we didn't want to leave them out.

Facts & Figures

The theme of this year's book is "Indians," to honor our "Redskin heritage." The cover starts the theme, and we thank Randy Lindsay for depicting our Indian. It was difficult to find someone to sit half naked on a horse while numerous slides were taken. We also thank Doreen Askew for the use of her horse, Babe.

The cover is a 4 x 5 full-color transparency which was taken at Chowchilla Lake by Julie Nelson and selected by the staff. It is Visto Litograph Design, fourcolor process applied, White Lithograph Stock.

The divider pages continue the theme with a brief part of the history of the Chauchila Indians and was written by Liz Hamilton. The La Entrada Staff page also incorporates the theme as the staff "goes Western."

The Homecoming Queen and FFA Sweetheart pictures were taken at the home of Mr. & Mrs. Curtiss Petersen. Curtiss took, developed and printed both. The Block C King picture was taken by Julie Nelson in the orchard near Chowchilla Lake. The Barn Dance Queen picture was taken by Rock Smith at the ranch of Mrs. Marian Justin. Curtiss Petersen developed and printed both of these.

The book is dedicated to a teacher and former administrator, J. R. Daughenbaugh. See his story on pages 6-7.

In the color section, the concert and "out-of-area" pictures were taken by Julie Nelson. The local ones were taken by Rock Smith. The background color on pages 4-5 is HJ 300 50% Process Cyan; on pages 8-9 is HJ 375 30% Process Lime; on pages 12-13 is HJ 165 70% Process Orange; on page 16 is HJ 600 100% Process Black.

The song words throughout the senior section are from the song "Landslide" by Fleetwood Mac from their album "Fleetwood Mac."

The two pages dealing with problems (52-53) is a new idea from editor Liz Hamilton and co-editor Marie Smith. Although it isn't a pleasant task to admit problems, it is their opinion that it is neither healthy nor fair to record the history of 1978-1979 and pretend that everything was great and no problems existed. Using 1% of the entire book to mention problems did not seem unreasonable.

Most of the action pictures in the football layouts are courtesy of the Madera Tribune, Mr. Bob Durell photographer.

The memorial to Mr. Everett Thompson was possible thanks to his wife, Edith, and daughter, Joan, who provided pictures and information.

Production of the book was as follows: Liz Hamilton, 67 pages; Marie Smith, 29 pages; Julie Nelson, 17 pages; Mary Goulart, 16 pages, assisted with 4; Joe Brickey, 12 pages, assisted with 6; Patti Pistoresi, 10 pages, assisted with 2; Cindy Bakker and Doreen Askew, 10 pages together and sold the ads; Becky Lockwood, 9 pages and assisted with 1; Tomosan Lindsay, 8 pages and assisted with 6; Shelly Blenn, 8 pages; Kim Bass Murphy, 6 pages and assisted with 6. Head photographer, Julie Nelson. Assistant photographers: Mike Cargill & Mr. Smith.
